RINGANA partners

RINGANA wants to grow at its site in Spain and is looking for motivated employees to help continue its success story. We started out in a small laboratory, but now we are a team of over 800 employees at 10 locations.

### Your Responsibilities

- Goods unloading, loading and storage, and stock management

### Your Qualifications

- Proven experience in warehouse or logistics operations

- Maintaining order, cleanliness, and care of goods
- Timely processing of orders and deliveries
- Accurate documentation of stock movements and reservations
- Reporting and addressing quality deviations in subcontracted products
- Controlling delivery notes and registering returns
- Packing, pallet loading, and shipping document preparation
- Operating the plant, identifying malfunctions, and taking countermeasures
- Providing daily support in shift operations
- Ordering materials and spare parts for equipment
- Packing chips production
- Reliable and self-directed working style with a strong sense of responsibility
- Basic computer literacy (MS Office or similar)
- Valid forklift license (Stapler certification)
- Open to working in rotating shifts
- Excellent Spanish (C2) and very good English (C1) or German skills, both written and spoken
- **Mandatory: valid work permit for Spain**

What really counts? Your personality, your know-how, and your commitment – we reward these individually.
