RINGANA partners

RINGANA wants to grow at its site in Spain and is looking for motivated employees to help continue its success story. We started out in a small laboratory, but now we are a team of over 800 employees at 10 locations.

Your responsibilities

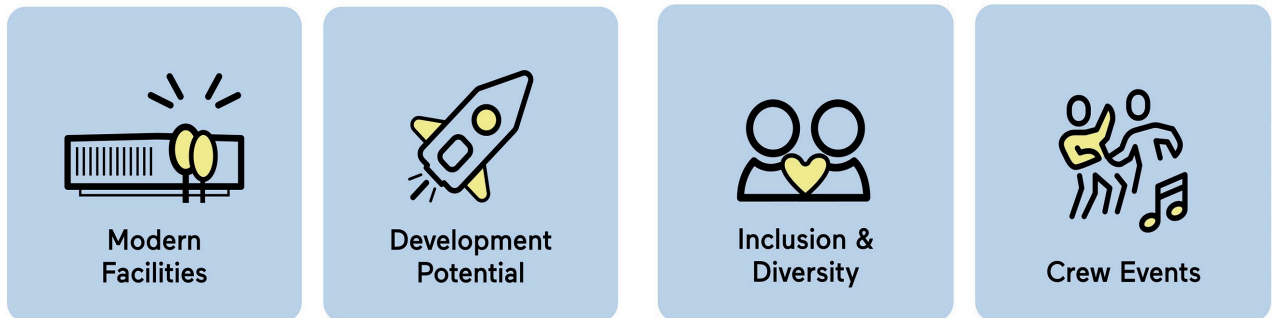

- Client management in a Windows environment

Your qualifications

- Solid technical education in IT (or equivalent hands-on experience)

- Installation, configuration and setup of new client devices (e.g. laptops and peripherals)
- First point of contact for all IT-related topics at the site (hardware and software)
- Management and administration of the local network infrastructure at the location
- Responsibility for the full hardware lifecycle (procurement, rollout, maintenance, replacement and inventory management)
- Structured, analytical and solution-oriented mindset
- Experience working with Jira and Confluence
- Experience in client management tools (e.g. Baramundi, Intunes or similar solutions)
- Excellent Spanish (C2) and very good English (C1) or German skills, both written and spoken
- **Mandatory: valid work permit for Spain**

Our Benefits

What really counts? Your personality, your know-how, and your commitment – we reward these individually.

How to Apply

We're excited to hear your personal story and to learn more about you. Apply directly through our career portal or via WhatsApp.

As our recruiting process is managed from Austria, to ensure an effective and fast process, we kindly ask you to submit your documents in English.
